The Book

The French Revolution under the Terror

Brief description

Paris 1792. Hundreds of innocents fall under the guillotine.

For Marie, locked up in the sinister prison of the Conciergerie, and bound to the good will of the dreadful Fouquier-Tinville, only a thread keeps her away from the unrelenting mechanic of the guillotine. A few words grasped from a condemned...

A few words which make her the possessor of a secret which Louis XVI and Marie-Antoinette yet believe will be kept in the depths of their grave.

A secret which can lose her, or save her.

A secret for which men are ready to kill for and die for.
